

ELEAR & UTOPIA STAND

Product Data Sheet

To support Elear and Utopia high-end headphones, Focal is offering a stand designed specifically for these two models. The stand shape is reminiscent of the Focal logo and allows positioning of Elear and Utopia headphones easily and without damage to the ear cups. Designed in stainless steel with a synthetic stone base, the stand is rigid and well weighted, providing greater stability. This support is ideal to highlight Elear and Utopia headphones at home or in a recording studio.
